

The ARISTON by Splendide RV/Marine Laundry Pair 2012

Continuing the Splendide tradition of space-saving product design with the aim of creating top-quality, specialized laundry appliances for the RV and Marine industries.

Easy to use.

Regardless of the type of fabric or degree of soil, Splendide's ARWXF129W washer's 13 wash cycles and 4 special wash options make choosing the right cycle easy. Load your laundry with ease - Splendide's TVM63X dryer features an extra-wide opening plus 3 timed drying cycles and a handy 'Auto' cycle that stops automatically when your load is dry.

Class-leading dryer.

Splendide 120V dryers not only dry your laundry completely, but they're easier to install and to maintain. Along with Splendide's optional RV/Marine Stack Kit for speedier installations, the TVM63X dryer features an easy-clean lint filter and an industry-first, 4.0 cubic foot dryer drum that maximizes airflow around your clothes - so your laundry dries faster with less creasing.

Built RV/Marine tough.

Splendide washers and dryers not only offer the space, weight and energy savings that are so important in RV's and yachts, but they're built tough to withstand the rigors of the road and sea. Splendide washers are equipped with heavy-duty springs and shock absorbers, stainless steel drums and reinforced cases for a long travelling life.

Maximum Performance. Minimum Consumption.

Splendide washers are class A rated, spin up to 1200rpm and carry the ENERGY STAR label. This makes them some of the most efficient washing machines available. So, you'll not only be getting outstanding wash and dry results, but you'll also be conserving precious resources - energy and water.

As caring as you are.

Splendide washing machines feature electronic control modules which mean they are able to process the quantity and type of wash and decide the right combination of water, temperature and spin speed with a high level of precision to offer you a better performance and great results - whiter whites, brighter colors.

Specifications

Washer and Dryer

Stacked or side-by-side. Splendide-quality washing with added drying capacity.
