

New RV WASHER & DRYER

Residential-quality performance,
expertly engineered for life on the road

Designed in America and assembled in our modern European factory, our new stackable set enhances Splendide's legacy of premium RV laundry solutions—meeting strict safety and efficiency standards, improving wash and dry performance, simplifying RV installation with custom accessories, and backed by unmatched support.

One-Touch Winterization

- An **industry-first** cycle that takes the hassle out of RV winterization—delivering **dependable protection** when temperatures drop.

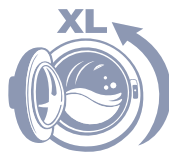

Smarter Controls

- Seamless, intuitive controls enhanced by smart features, including remote **monitoring and advanced connectivity**.

Easier Maintenance

- The new **Clean Filter LED** enhances **safety and convenience**, while a larger, easier-to-access dryer lint filter **simplifies maintenance**.

More Capacity

- Wash more in fewer loads with a 2.3 cu. ft. drum—**21% larger capacity**—paired with a 4 cu. ft. dryer built to handle the **biggest loads in its class**.

Quieter Operation

- Auto-leveling and enhanced sound insulation work together to deliver **exceptionally quiet operation**.

Faster Results

- The new **Speed+** option **shortens wash times** for lightly soiled loads, while **reverse-tumble drying** enhances drying speed and minimizes fabric creasing.

At a glance:

- Residential quality performance
- One-Touch winterization
- Largest drying capacity in the industry
- Meets ENERGY STAR® criteria.
- cULus and RVIA approved for RV closet installations
- Backed by Splendide, North America's best-selling RV laundry brand for over 40 years

WFL2500X

WASHER

Description	Front Load Washer
